waging war building a nation marching toward martial law revolution to revolt recapturing the state from zia to musharraf musharraf and military professionalism the military and democracy

principles of comparative politics offers the most comprehensive and up to date introduction to comparative inquiry research and scholarship in this thoroughly revised third edition students now have an even better guide to cross national comparison and why it matters the new edition retains

a focus on the enduring questions with which scholars grapple the issues about which consensus has started to emerge and the tools comparativists use to get at the complex problems in the field among other things the updates to this edition include a thoroughly revised chapter on dictatorships that incorporates a discussion of the two fundamental problems of authoritarian rule authoritarian power sharing and authoritarian control a revised chapter on culture and democracy that includes a more extensive examination of cultural modernization theory and a new overview of survey methods for addressing sensitive topics a new section on issues related to electoral integrity an expanded assessment of different forms of representation and a new intuitive take on statistical analyses that provides a clearer explanation of how to interpret regression results examples from the gender and politics literature have been incorporated into various chapters the problems sections at the end of each chapter have been expanded and the empirical examples and data on various types of institutions have been updated online videos and tutorials are available to address some of the more methodological components discussed in the book the authors have thoughtfully streamlined chapters to better focus attention on key topics

adapted from the groundbreaking bestseller principles of comparative politics third edition foundations of comparative politics presents a scientific approach to the rich world of comparative inquiry research and scholarship providing students a guide to cross national comparison and why it matters to them this condensed more accessible format introduces students to the key questions in comparative politics using brief insights from tools such as decision social choice and game theory to help them understand clearly why some explanations for political phenomena are stronger than others foundations concentrates on describing the core features of regimes and institutions and on analyzing how these fundamental attributes drive variation in the economic and political outcomes we care about most this approach more closely replicates what comparative scholars do constructing and testing theories on political phenomena over basic memorization of country specific facts to explain rather than describe illustrated with current examples that show the application of theory students gain invaluable real world skills in critical thinking and empirical analysis that they will carry with them long after the course is over give your students the sage edge sage edge offers a robust online environment featuring an impressive array of free tools and resources for review study and further exploration keeping both instructors and students on the cutting edge of teaching and learning

trb s national cooperative highway research program nchrp report 780 design guidance for intersection auxiliary lanes expands on guidance provided in a policy on geometric design of highways and streets the green book published by the american association of state highway and transportation officials aashto this report highlights information regarding bypass lanes channelized right turn lanes deceleration and taper length design and capacity of multiple left turn lanes and alternative intersection designs publisher description

the history of how the operational army reserve concept developed over the twenty years from 1990 through 2010 is a story of revolutionary change for the citizen soldier in the past the part time citizen army was by national policy and doctrine not as prepared as the professional army for war

during the twentieth century militia or reserve soldiers required months sometimes a year of pre deployment training before being committed to the battlefield the new operational concept for the twenty first century arose to solve a problem for the army s global peacekeeping mission how could the army accomplish this task during times of relative peace with reduced budgets and less full time manpower congress answered the challenge by more effectively utilizing the army reserve and new technologies army reserve units were maintained at comparable readiness levels and standards with active army units the army reserve and the active army now deploy together and function as one team on the modern battlefield using the gulf war of 1990 1991 as the catalyst for change this volume tells the story of the transformation of the army reserve from an organization held in strategic reserve to an operational expeditionary reserve force

trb s national cooperative highway research program nchrp report 790 factors contributing to median encroachments and cross median crashes investigates the factors that contribute to median related crashes and identifies design treatments and countermeasures that can be applied to improve median safety on divided highways publisher description
